Technical

5.2 Performance and Resource Management

5.2.4.4

Requirements

For games, when the Back button is pressed during gameplay, the game can choose to present a pause context menu or dialog or navigate the user to the prior menu screen. Pressing the Back button again while in a paused context menu or dialog closes the menu or dialog.

Expected Result

Test Process Required:

1. Launch the game.
2. Begin playing the game.
3. Tap the Back button.
4. Verify that the game pauses

Comments:

Pressing the device Back button from the game summary page does not close the game summary page, or return the user to a previous menu screen. Instead, the application closes.

Result: Fail

Steps to Reproduce:

1. Launch the application.
2. Press the got it button.
3. Play through the game until finishing the game.
4. Observe the game summary screen.
5. Press the device Back button.
6. Notice pressing the device Back button does not close the game summary page, or return the user to a previous menu screen. Instead, the application closes.
